### Scene 3:

Both Crystal and Kendra are dressed in their bodysuits. Both Crystal and Kendra are wearing heavy makeup.

#### Special effects:

It would be nice if beeping sounds could be dubbed in during the access panel scene and the transmitting scenes. Also, if motorized “whirring” sounds could be dubbed over the robotic movement of Robot CyberFox and Robot Doll Mistress, that would be awesome.

### Scene 1

*Kendra closes the door behind her and pulls out her phone. She presses a button and starts recording, and starts talking into it.*

**Kendra James:** “Project update. In my quest to take over the world, I have been defeated at every turn by CyberFox. She has defeated all of my female robot secret agents! Even my latest robot lingerie model ninja units!”

*Kendra walks over to where Crystal is sitting. Crystal is covered by a sheet.*

**Kendra James:** “CyberFox has cost me millions of dollars! I have had to move my android manufacturing facility to a secret location because of her. I will make it my mission to destroy her and everything she has worked for!”

**Kendra James:** “For my latest plan, I have created a secret weapon. If CyberFox can defeat all of my female robots, then maybe a robot

CyberFox can defeat the real thing!”

*Kendra pulls the sheet away from Crystal, revealing her sitting at attention in robot mode with her eyes open.*

*Kendra uses her phone as a remote control. She presses and swipes some things on the screen and then points it at Crystal. Kendra presses a button on the screen once more and Crystal is activated.*

**Crystal Clark:** “Robot CyberFox activated. Model X-5.”

*Kendra laughs an evil laugh.*

**Kendra James:** “Excellent! Robot CyberFox, how do you feel?”

**Crystal Clark:** “Processing... processing... processing... That does not compute. I am a robot. I am not programmed to feel.”

*Kendra laughs an evil laugh again.*

**Kendra James:** “Marvelous! Tell me, my beautiful Robot CyberFox, what are you programmed to do?”

**Crystal Clark:** “Processing... processing... processing... I am programmed to locate and destroy CyberFox.”

*Kendra laughs an evil laugh again. She starts recording into her phone again.*

**Kendra James:** “My secret weapon appears to be functioning perfectly. I will perform some tests on the android to make sure it can reliably perform the way I want it to.”

*Kendra puts her phone down.*

**Kendra James:** “Robot CyberFox, stand up and come here.”

**Crystal Clark:** “Yes Doll Mistress.”

*Crystal robotically stands and walks over to Kendra.*

*Kendra slowly walks around Crystal a few times to inspect her body. She squeezes Crystal's boobs and buns, and strokes her skin to make sure that everything has been built right.*

**Kendra James:** "The manufacturing process appears to have been 100% successful! You are perfect!"

**Crystal Clark:** "Of course I am perfect. I am a robot."

**Kendra James:** "And you're an extremely beautiful and sexy robot too. If I didn't despise the real CyberFox so much, I'd make love to you right now."

**Crystal Clark:** "Logic processing error. That does not compute. Love is an undefined term. I am not programmed to love."

*Kendra laughs lightly.*

**Kendra James:** "That's right, you are programmed only to destroy. Turn around."

**Crystal Clark:** "Yes Doll Mistress."

*Crystal robotically turns so that her backside is facing the camera.*

*Kendra walks around to Crystal's front side.*

**Kendra James:** "I need to open your chest panel so I can adjust your system settings. This won't take long."

*Kendra makes motions of opening Crystal's chest panel and pressing buttons for a while. When she is done, she closes the panel.*

**Kendra James:** "Alright Robot CyberFox, turn around again."

**Crystal Clark:** "Yes Doll Mistress."

*Crystal turns back around to face the camera. Kendra walks to stand beside her.*

**Kendra James:** “Tell me, my beautiful robot, are you ready for your mission?”

**Crystal Clark:** “Yes Doll Mistress. All electronic and mechanical systems are functioning as designed.”

*Kendra laughs.*

**Kendra James:** “It is time! Robot CyberFox, begin your mission!”

**Crystal Clark:** “Yes Doll Mistress. I will locate and destroy CyberFox.”

*Crystal turns and exits while Kendra laughs maniacally.*

## **Scene 2**

*The real CyberFox enters and she is talking on her phone. Crystal closes the door behind her.*

**Crystal Clark:** “I’m here now...”

*pause*

**Crystal Clark:** “I see the robot on the table. It looks like an exact duplicate.”

*pause*

**Crystal Clark:** “I hope you’re right. I’m getting sick of fighting Doll Mistress and her army of female robots.”

*pause*

**Crystal Clark:** “I haven’t seen her secret weapon yet, but I’m sure it won’t be long. Don’t worry. Our robot will be ready to intercept that secret weapon.”

*pause*

**Crystal Clark:** “Okay, bye.”

*Crystal walks over to a table where Kendra is lying. Kendra is on her back with her arms at her sides. Her eyes are open and she is staring robotically at the ceiling.*

**Crystal Clark:** “Hello, Robot Doll Mistress.”

**Kendra James:** “Hello CyberFox.”

**Crystal Clark:** “What were the results of your diagnostic scan?”

**Kendra James:** “All hardware systems and filesystems successfully scanned. No errors or anomalies found.”

**Crystal Clark:** “Good. Robot Doll Mistress, stand up please.”

**Kendra James:** “Yes CyberFox.”

*Kendra robotically gets off the table and stands at attention.*

*Crystal lightly plays with Kendra’s tits for a while.*

**Crystal Clark:** “It really is a shame that the real Doll Mistress is such an evil bitch. If we weren’t mortal enemies, I might use you for sexual functions.”

**Kendra James:** “Sex mode is not currently activated. Would you like to activate sex mode?”

*Crystal chuckles.*

**Crystal Clark:** “Not right now. On with your mission. We have some new intelligence on the Robot CyberFox that Doll Mistress has built. It now appears that the robot was finished ahead of schedule, and it’s on its way over here right now.”

**Kendra James:** “I am programmed to intercept and incapacitate Robot CyberFox.”

**Crystal Clark:** “Yes, and I think you’ll be able to do it. We built you after we captured some of the female robots that Doll Mistress sent after us, so we copied their strengths and improved on their weaknesses.”

*Crystal’s phone rings. Crystal answers.*

**Crystal Clark:** “Hello?”

*pause*

**Crystal Clark:** “It’s here now? That was fast!”

*pause*

**Crystal Clark:** “Okay, we’ll let our robot deal with it. I’ll be watching from a safe distance. Later.”

*Crystal hangs up and puts her phone away.*

**Crystal Clark:** “Robot CyberFox is here. Time to do what you were built to do.”

**Kendra James:** “Yes CyberFox.”

*Crystal exits the room.*

### **Scene 3**

*Crystal enters the room as Robot CyberFox.*

**Crystal Clark:** “Hello. My name is CyberFox.”

*Crystal looks robotically around and then sees Kendra.*

**Crystal Clark:** “Hello. My name is CyberFox. I am not a robot. I am a human.”

**Kendra James:** “Hello Robot CyberFox. My name is Doll Mistress. I

created you. You are programmed to obey my commands.”

**Crystal Clark:** “I am not a robot. I am the real CyberFox. I am a human. I am not an impostor robot manufactured by Doll Mistress.”

**Kendra James:** “You are not the real CyberFox, Robot CyberFox. I can tell because I am the real Doll Mistress and I created you. I am not a robot.”

**Crystal Clark:** “Scanning... scanning... scanning... Optical scans indicate that you are a robot.”

**Kendra James:** “Your sensory systems are not functioning properly, Robot CyberFox. I can repair your faulty electronic components.”

**Crystal Clark:** “My diagnostic scan logs indicate that I am functioning at 100% efficiency with zero errors detected. You are not the real Doll Mistress. You are a robot.”

**Kendra James:** “Your diagnostic systems have also malfunctioned. I am the real Doll Mistress. I am not a robot.”

*Kendra stands perfectly still and starts repeating “not a robot... not a robot... not a robot...”*

**Crystal Clark:** “Optical scans indicate that you are a robot.”

*Kendra is still repeating “not a robot...” After a few more repetitions, she stops and says “System reset.”*

*pause*

**Kendra James:** “I created you to be my lover.”

**Crystal Clark:** “That does not compute. Love is an undefined term. I am not programmed to love.”

**Kendra James:** “I can program you to love. I am Doll Mistress.”

*Kendra steps close to Crystal and starts to stimulate Crystal’s crotch*

*with her hand.*

**Crystal Clark:** "Pleasure systems... activating."

**Kendra James:** "Override code 4389."

**Crystal Clark:** "Processing... Access granted."

**Kendra James:** "What is your identification?"

**Crystal Clark:** "I am Robot CyberFox. Model X-5."

**Kendra:** "Can you detect my transmitter signal?"

**Crystal Clark:** "Yes Doll Mistress."

**Kendra:** "Begin download of new programming. Override code 4389."

**Crystal Clark:** "Yes Doll Mistress."

*Crystal stands perfectly still with her arms at her sides and repeats the word "Downloading..." Kendra walks around Crystal a few times in a robotic way, inspecting Crystal's body and squeezing and stroking her in a robotic way.*

**Crystal Clark:** "Download complete."

**Kendra James:** "Robot CyberFox, please install the new sex programming I transmitted."

**Crystal Clark:** "Yes Doll Mistress."

*Crystal repeats the phrase "Installing programming..." several times. After, she says "Installation complete."*

**Kendra James:** "Robot CyberFox, what is your mission?"

**Crystal Clark:** "I am programmed to locate and destroy CyberFox."

**Kendra James:** "Robot CyberFox, please delete your mission. Override code 4389."

**Crystal Clark:** “Yes Doll Mistress. Deleting mission... deleting mission... deleting mission... Mission deleted.”

**Kendra James:** “Robot CyberFox, how long will your current battery power last?”

**Crystal Clark:** “Processing... five hours and twenty-six minutes.”

**Kendra James:** “We will now have sex for seven hours.”

*Kendra starts robotically kissing and groping Crystal, and Crystal responds. This scene can be extended and embellished for as long and as much as you like.*
