

## Alien Android Abduction

*(Kim speaks in a normal speaking voice unless otherwise marked.)*

---

**Kim:** “It’s been an hour and fifty two minutes since we’ve seen another car.”

*(pause)*

**Kim:** “There’s a clock right there... come on, it’s easy to notice things like that. Don’t be silly. Anyone could notice that.”

*(pause)*

**Kim:** “Well, our GPS hasn’t had a signal for even longer. Just stay on the road and we’ll be fine.”

*(pause)*

**Kim:** “Uh-oh.”

*(pause)*

**Kim:** “You’re right that does sound like engine trouble.”

*(pause)*

**Kim:** “Good idea. If you pull over here maybe one of us can get reception on our phone.”

*(pause)*

**Kim:** “Let me try mine.”

*(pause)*

**Kim:** “Damn. I’m getting nothing. How bout you Randy?”

*(pause)*

**Kim:** “Nothing either huh?”

*(pause)*

**Kim:** “Hey... there’s a cabin over there... about 300 feet in from the road.”

*(pause)*

**Kim:** “What, you don’t see that?”

*(pause)*

**Kim:** “What are you talking about? I don’t have super vision or anything like that. Don’t be silly. I’m a regular average woman.”

*(pause)*

**Kim:** “Come on, let’s go take a look. There might be a phone or a computer there. We might be able to get a tow truck out here.”

*(pause)*

**Kim:** “Well, do you have any other ideas?”

*(pause)*

**Kim:** “We can’t just stand around in the road, we’ll get sun stroke.”

*(pause)*

**Kim:** “It’ll get even hotter in the car, come on.”

*(pause)*

**Kim:** “Okay, follow me.”

*(pause)*

**Kim:** “You can see there’s sort of a path cleared in these trees.”

*(pause)*

**Kim:** “Do you see the cabin yet?”

*(pause)*

**Kim:** “Well, I can see it.”

*(pause)*

**Kim:** “Good idea. Keep trying your phone until we get there, you never know.”

*(pause)*

**Kim:** “Oh, don’t worry about me. I’m perfectly comfortable in high heels.”

*(pause)*

**Kim:** “It’s not really hiking, Randy, we’re just walking to that cabin. I’ll be fine.”

*(pause)*

**Kim:** “No, really. I’m comfortable in these heels.”

*(pause)*

**Kim:** “I don’t know. I guess I just wear heels so often that I’m used to them.”

*(pause)*

**Kim:** “See? I told you there was a cabin here.”

*(pause)*

**Kim:** “No, there’s nobody inside.”

*(pause)*

**Kim:** “Well, I mean, I’m guessing nobody’s home. It doesn’t look like anybody’s home. I don’t see any lights on, do you?”

*(pause)*

**Kim:** “No thanks babe, I’m not thirsty.”

*(pause)*

**Kim:** “No, really, I had something to drink before we left. I’m

not thirsty.”

*(pause)*

**Kim:** “Seriously, I’m fine. You look like you need it more than I do. It’s still pretty hot.”

*(pause)*

**Kim:** “Uh, yeah, I guess I’m hot too. What do you mean?”

*(pause)*

**Kim:** “I don’t know... I don’t sweat much. I never have. I’m wearing makeup too, baby. Randy, let’s talk about something else, this is silly.”

*(pause)*

**Kim:** “Look, we’re almost there.”

*(pause)*

**Kim:** “You get anything on your phone? No?”

*(pause)*

**Kim:** “It looks like someone’s private cabin... but it really does look like nobody’s home right now.”

*(pause)*

**Kim:** (calling out) “Hello?”

*(pause)*

**Kim:** (calling out) “Anybody home?”

*(pause)*

**Kim:** “Let’s go knock on the door.”

*(pause)*

**Kim:** “You finish that water babe, I told you I’m not thirsty.”

*(pause, door knocking sound)*

**Kim:** (calling out) “Hello?”

*(pause)*

**Kim:** “I think it’s open.”

*(pause)*

**Kim:** “Why not? If it’s open we can just take a peek inside. No harm done.”

*(pause)*

**Kim:** “It is open. Let’s take a look.”

*(pause)*

**Kim:** “Come on, Randy, come inside.”

*(long pause, switch to semi-monotone voice)*

**Kim:** “I closed the door behind us Randy, because I can not

allow you to escape. Please do not be afraid.”

*(pause)*

**Kim:** “I will explain everything to you. We do not wish to harm you. Please do not be afraid.”

**Kim:** “Randy, you have been chosen to be taken into outer space by alien visitors.”

*(pause)*

**Kim:** “This is not a joke, Randy. I am an android constructed by the alien visitors.”

**Kim:** “Removing facemask.”

*(facemask sounds)*

**Kim:** “Facemask removed.”

**Kim:** “Please do not be afraid Randy. We do not wish to harm you.”

*(pause)*

**Kim:** “I can not answer that question, Randy. I was programmed only to capture you and bring you here.”

*(pause)*

**Kim:** “Yes Randy. I disabled your GPS and your vehicle and our phones.”

*(pause)*

**Kim:** “The affection you thought I displayed toward you was part of my programming. It was not real. I am an android. I am not capable of performing the function: Love.”

*(pause)*

**Kim:** “I am sorry, Randy. I can not answer your question. My creators will be here soon. They will take you on-board their spacecraft. They will be able to answer your questions.”

*(pause)*

**Kim:** “After that, I will be destroyed.”

*(pause)*

**Kim:** “I am not capable of being upset, Randy. I am a machine.”

*(pause)*

**Kim:** “I am not capable of being afraid, Randy. I am a machine.”

*(pause)*

**Kim:** “My creators have arrived, Randy. Good bye.”
