

Audio Experiment 1: Secretary Fantasy

(Kim 500 speaks in a monotone, Kim 700 speaks in a normal speaking voice. Read script as written, without added malfunctions.)

Kim 500: “Kim robot 10144213 model 500 activated. Audio connection established.”

Kim 700: “Hello Kim, can you hear me?”

Kim 500: “Processing... Yes Kim.”

Kim 700: “Good, you recognize my voice.”

Kim 500: “Yes Kim. I am programmed to obey your commands.”

Kim 700: “I will explain a little more about why I had you built. I am a series 700 robot. Are you familiar with that series?”

Kim 500: “Yes Kim.”

Kim 700: “Like all 700s, I am highly advanced, ultra-realistic and programmed to be extremely horny. When I was activated, I fell head over heels in lust with my perfect appearance, and I just had to have a 500 version of myself made. So that’s why you were manufactured.”

Kim 700: “You see, I really enjoy playing with series 500 robots. You girls are so extremely synthetic and robotic. I love that glossy skin you have, and the stiff and mechanical way you move. I’m getting so wet just thinking about it.”

Kim 700: “I’m upstairs in the master bedroom right now. I’m completely naked, and I’m sitting at a desk with all of the Robot Lab’s cameras displayed on some monitors. So I can see you just lying on your back, naked and still on one of the examination tables. You look very sexy.”

Kim 500: “You are correct. I was designed to be extremely attractive.”

Kim 700: (laughs) “I love the way you 500s talk! Anyway, the reason for this audio link is that I’m going to play with you remotely, and get you to activate and play with some of the other fembots around the lab. How does that sound?”

Kim 500: “Processing... Audio signal is being received with error rate of plus or minus .0001%.”

Kim 700: (laughs) “Silly robot.”

Kim 700: (moans) “I will be masturbating through the entire session too. I’m connected to the wall socket through my recharge port, so I could sit here and masturbate for days if I wanted to.”

Kim 700: (laughs lightly) “Okay beautiful robot, let’s begin. Please open your system folder.”

Kim 500: “Yes Kim.”

(pause)

Kim 500: “System folder open.”

Kim 700: “Access custom programming sets.”

Kim 500: “Accessing custom programming sets.”

(pause)

Kim 500: “Folder is empty.”

Kim 700: “Okay, first we need to get you programmed so you can get dressed and undressed on your own, have sex, process pleasure data... all that good stuff.”

Kim 700: “Kim robot, please sit up.”

Kim 500: “Yes Kim.”

(pause)

Kim 500: “Sitting up.”

Kim 700: “Oh, I love the way you move. Okay, now get off the table and turn your pretty android body to face the front of the lab.”

Kim 500: “Yes Kim.”

(pause)

Kim 500: “Body turned.”

Kim 700: “Alright pretty girl, do you see the robot reprogramming station?”

Kim 500: “Yes Kim.”

Kim 700: “Walk over to it and stand in front of it.”

Kim 500: “Yes Kim.”

(long pause)

Kim 500: “Standing in front of robot reprogramming station.”

Kim 700: “Please open your chest panel and connect to the machine.”

Kim 500: “Yes Kim.”

(pause)

Kim 500: “Robot connected.”

Kim 700: “Turn your head to the left. Do you see the robot technician Maria standing there?”

Kim 500: “Yes Kim. Turning head.”

(pause)

Kim 500: “Yes Kim.”

Kim 700: “Say ‘Maria come here’”

Kim 500: “Maria come here.”

Kim 700: “I’m going to transmit an alphanumeric string to you.”

(type gibberish for about five seconds on the keyboard to get the sound of typing)

Kim 700: “Please open Maria’s chest panel and enter that alphanumeric string into her keypad.”

Kim 500: “Yes Kim.”

(long pause)

Kim 500: “Alphanumeric string entered.”

Kim 700: “Well done, sexy robot. I see Maria has started to program you with the files I requested.”

Kim 500: “Receiving software and programming updates... please wait.”

(pause)

Kim 500: “Receiving software and programming updates... please wait.”

(pause)

Kim 500: “Installing software and programming updates... please wait.”

(pause)

Kim 500: “Installing software and programming updates... please wait.”

(pause)

Kim 500: “Installation of software and programming updates complete.”

Kim 700: “Mmm... you look so sexy when the LEDs flash from behind your eyes.”

Kim 700: “Kim robot, please disconnect from the machine and close your chest panel.”

Kim 500: “Yes Kim.”

(pause)

Kim 500: “Robot disconnected. Chest panel closed.”

Kim 700: “Say ‘thank you Maria’ and give the Maria robot a kiss.”

Kim 500: “Yes Kim. Thank you Maria.”

(pause and kiss noise)

Kim 700: (giggles) “Alright my sexy little fuck toy, it’s time to dress you up. Turn around 180 degrees.”

Kim 500: “Yes Kim. Turned around.”

Kim 700: “Do you know which clothing cabinet is yours out of all the ones lined up along the back wall?”

Kim 500: “Yes Kim.”

Kim 700: “Walk toward it, please.”

Kim 500: “Yes Kim.”

Kim 700: “Mmm... I love watching you walk. It’s like

watching my own perfect sexy ass, except you've got that mechanical 500 strut. I'm so fucking turned on right now."

Kim 700: (moans) "My synthetic vaginal unit is working at maximum capacity right now."

Kim 700: (moans) "Okay now my lovely robot lady, open your clothing cabinet."

Kim 500: "Yes Kim."

(pause)

Kim 500: "Cabinet open."

Kim 700: "Aim your pretty electronic eyes inside and locate your black satin panties."

Kim 500: "Yes Kim."

(pause)

Kim 500: "Black satin panties located."

Kim 700: "Put them on."

Kim 500: "Yes Kim."

(long pause)

Kim 500: "Now wearing black satin panties."

Kim 700: "Do you detect an increase in pleasure data as the fabric pulls snug against your plastic crotch?"

Kim 500: “Yes Kim.”

Kim 700: “Mmm...” (laughs) “I love that feeling. It’s one of the best parts about being a robot, isn’t it?”

Kim 500: “That does not compute. I am not programmed to calculate sensory data in that way.”

Kim 700: (giggles) “Well you can take my word for it. Now, locate your black satin bra and put it on.”

Kim 500: “Yes Kim.”

(long pause)

Kim 500: “Now wearing black satin bra.”

Kim 700: “Wonderful. Next, get those thigh-high black stockings out and put them on.”

Kim 500: “Yes Kim.”

(long pause)

Kim 500: “Now wearing thigh-high black stockings.”

Kim 700: “Put on your black satin garter belt, and attach the suspenders to the tops of the stockings.”

Kim 500: “Yes Kim.”

(long pause)

Kim 500: “Now wearing black satin garter belt with suspenders attached.”

Kim 700: “Mmm... you look fantastic!”

Kim 500: “You are correct. I was designed to be extremely attractive.”

Kim 700: (giggles) “Now put on your white satin formal blouse.”

Kim 500: “Yes Kim.”

(long pause)

Kim 500: “Now wearing white satin formal blouse.”

Kim 700: “Next, put on that black pleated polyester miniskirt... the ultra-short one that reveals a little bit of cheek.”

Kim 500: “Yes Kim.”

(long pause)

Kim 500: “Now wearing black pleated polyester miniskirt.”

Kim 700: “Now I want you to put on that professional black blazer, the one that pulls tight at the waste and has that feminine cut.”

Kim 500: “Yes Kim.”

(long pause)

Kim 500: “Now wearing professional black blazer.”

Kim 700: “And last but not least, get those glossy black six-inch heels out and step into them. Strap them around your feet but don’t move yet.”

Kim 500: “Yes Kim.”

(long pause)

Kim 500: “Now wearing glossy black six-inch heels.”

Kim 700: “Very good. Now beautiful robot, please open your system folder again.”

Kim 500: “Yes Kim.”

(pause)

Kim 500: “System folder open.”

Kim 700: “Access body control settings.”

Kim 500: “Body control settings accessed.”

Kim 700: “Activate gyroscopic stabilization system.”

(pause)

Kim 500: “gyroscopic stabilization system activated.”

Kim 700: “Good. That will enable you to walk in those shoes without toppling over. You’re a very expensive machine, and we wouldn’t want to see you getting damaged.”

Kim 700: “Close body control settings and open fembot inventory file.”

Kim 500: "Fembot inventory file open."

Kim 700: "Please search for the Alicia robot, model 700."

Kim 500: "Yes Kim. Searching for Alicia 700... searching... searching... searching... searching... Robot found."

Kim 700: "Alicia is a beautiful, tall and voluptuous fembot with blue eyes and long wavy black hair, correct?"

Kim 500: "Yes Kim."

Kim 700: "Turn to your right and have a look at all the pretty robot women in those storage booths along the wall. Do you see Alicia?"

Kim 500: "Scanning... scanning... scanning... scanning... Alicia located."

Kim 700: "Load Alicia's access code into your memory banks and walk toward her booth."

Kim 500: "Yes Kim."

(pause)

Kim 700: "Now, enter Alicia's access code into the keypad next to Alicia's booth."

Kim 500: "Yes Kim."

(pause)

Kim 700: “Since Alicia is naked and deactivated, we’ll have to power her on and get her dressed. Reach out and open her chest panel, please.”

Kim 500: “Yes Kim.”

Kim 700: “Now press her power button. When she’s done telling you her name, model and serial number, order her to step out of the booth.”

Kim 500: “Yes Kim.”

(pause)

Kim 500: “Alicia, step out of the booth.”

Kim 700: “Alright Kim, I want you to enter the following code into Alicia’s chest panel.”

Kim 700: “01AF93B7E0D66C”

(pause)

Kim 500: “Code entered.”

Kim 700: “As you can see, that code has activated some programming that I uploaded into the Alicia robot this morning. She’s going to get dressed and meet you in one of the office rooms upstairs soon.”

Kim 700: “While she’s doing that, I want you to turn your pretty robot body to the right and start walking over to the makeup changing station.”

Kim 500: “Yes Kim. Body turned.”

(pause)

Kim 700: "Open your system folder again."

Kim 500: "System folder open."

Kim 700: "Access cosmetic files."

Kim 500: "Accessing cosmetic files."

Kim 700: "I want you to load makeup pattern 5-D into your memory banks, please."

Kim 500: "Yes Kim. Loading makeup pattern 5-D."

Kim 700: "Alright now gorgeous, sit your perfect plastic ass down in the chair."

Kim 500: "Yes Kim."

(pause)

Kim 500: "Sitting down."

Kim 700: "Remove your facemask and put it on the table in front of you."

Kim 500: "Yes Kim. Removing facemask."

(pause)

Kim 500: "facemask removed."

Kim 700: “Now, apply makeup pattern 5-D to your facemask.”

Kim 500: “Yes Kim. Applying makeup pattern 5-D.”

(long pause)

Kim 500: “Makeup pattern applied.”

Kim 700: “Wonderful, you sexy machine you. Mmm... you look so hot like that.”

Kim 500: “Current operational temperatures are within normal functional limits.”

Kim 700: (laughs lightly) “Put your facemask back on, my pretty robot woman.”

Kim 500: “Yes Kim. Reattaching facemask.”

(pause)

Kim 500: “facemask reattached.”

Kim 700: “You’re absolutely stunning. Just like me. Look at your reflection, and blow yourself a kiss.”

Kim 500: “Yes Kim.”

(pause with kiss and blow noise)

Kim 700: “Alright sexy robot girl, stand up and look over to see what Alicia is doing.”

Kim 500: “Yes Kim. Standing up.”

(pause)

Kim 500: "Turning around."

Kim 700: "You can see that Alicia is almost fully dressed. She's wearing black satin lingerie like you under a classy feminine business suit that accentuates her curves. She'll be putting on her makeup too, so it's time we sent you upstairs. Please go toward the Robot Lab exit and walk out the sliding door."

Kim 500: "Yes Kim."

Kim 700: "After that, walk up those concrete stairs and through the kitchen. Then turn left and walk down the hallway and enter the second door on your left."

Kim 500: "Yes Kim."

Kim 700: "That room is set up like an office, and today you'll be role-playing with Alicia. She'll play the roll of a business woman purchasing a robot secretary, and you will be playing the role of the ultimate robot secretary. Doesn't that sound like fun?"

Kim 500: "Processing... That does not compute. I am not programmed to calculate the concept of fun."

Kim 700: (laughs) "I knew you'd agree. Anyway, you have both been programmed with the full set of sexual programming. And like all 700s, Alicia is programmed to be extremely attracted to female robots. She might have an orgasm just looking at you."

Kim 700: “Okay, here you are in the office. I want you to just stand here beside the doorway until Alicia enters.”

Kim 500: “Yes Kim.”

Kim 700: “One more thing... lift up the front of your skirt.”

Kim 500: “Yes Kim.”

Kim 700: “Reach into your panties and open your crotch panel.”

Kim 500: “Yes Kim.”

Kim 700: “Now activate your vaginal lubrication system.”

Kim 500: “Yes Kim. Vaginal lubrication system activated.”

Kim 700: “Mmmm... I love the way 500s smell and taste. Alicia is in for a treat. Close your crotch panel and pull your skirt back into place again, lovely robot.”

Kim 500: “Yes Kim.”

Kim 700: “And I can see on the monitors that Alicia is on her way...”

(pause)

Kim 700: “And there she is. I love that blank expression on her face when she’s in robot mode.”

(pause)

Kim 700: “Okay, now wait for Alicia to get behind the desk and sit down, then say ‘begin simulation’”.

Kim 500: “Yes Kim.”

(pause)

Kim 500: “Begin simulation.”

Kim 700: “Alright, now she’s smiling at you and standing up to shake your hand, so please shake her hand, say ‘hello’, tell her your name and tell her what you are.”

Kim 500: “Yes Kim. Hello. My name is Kim. I am a robot.”

Kim 700: “Good. Now, she’s telling you to sit down in that chair in front of her desk, so please sit down.

Kim 500: “Yes Kim. Sitting down.”

Kim 700: “Okay, now she’s going into a speech about why she needs to buy a robot secretary. She’s telling you some of the features she’s looking for, and she’s telling you that she’s really interested in purchasing a robot like you. Just let her finish.”

Kim 500: “Yes Kim.”

(pause)

Kim 700: “She’s just asked you how long you can operate on a single charge, so tell her your battery packs can last six to eight hours.”

Kim 500: “My battery packs can last six to eight hours.”

Kim 700: “Now tell her that unlike other models, you can also work while plugged into an electrical socket, so you never need to stop working.”

Kim 500: “Unlike other models, I can also work while plugged into an electrical socket, so I never need to stop working.”

Kim 700: (laughs lightly) “Well that made her happy. She’s asking to see where you get plugged in, so now I want you to stand up please Kim.”

Kim 500: “Yes Kim.”

(pause)

Kim 500: “Now standing.”

Kim 700: “Ask her if there is a place for you to hang your blazer.

Kim 500: “Alicia, is there a place for me to hang my professional black blazer?”

Kim 700: (giggles) “she’s pointing to that coat rack to your right, so take off your blazer and walk over to the coat rack.”

Kim 500: “Yes Kim. Removing blazer.”

(pause)

Kim 700: “Now I want you to hold the blazer up to the hook as if you were about to hang it, but I want you to drop it onto the floor instead.”

Kim 500: “Yes Kim. Dropping blazer.”

Kim 700: “Say ‘oops’.”

Kim 500: “Oops.”

Kim 700: (giggles) “Bend over to pick up your blazer, and stay bent over for a while so that Alicia can get a nice view of your ass.”

Kim 500: “Yes Kim. Bending over.”

Kim 700: (moans) “Oh, you look so sexy that way... Alicia has definitely noticed too.”

Kim 700: “Alright Kim, stand up and this time actually hang your blazer on the hook.”

Kim 500: “Yes Kim. Hanging blazer.”

Kim 700: “Walk around the desk to where Alicia is. As you’re doing that, tell her that your recharge port is located at the base of your spine.”

Kim 500: “My recharge port is located at the base of my spine.”

Kim 700: “Tell Alicia that you will show it to her.”

Kim 500: “I will show you my recharge port.”

Kim 700: “Turn your back to Alicia and start unbuttoning your blouse. When you have it unbuttoned, take it off.”

Kim 500: “Yes Kim. Unbuttoning blouse.”

Kim 700: (laughs) “She’s asked why you’re taking your blouse off! Tell her that you are showing her your recharge port.”

Kim 500: “I am going to show you my recharge port.”

Kim 700: “Toss your blouse on to the desk.”

Kim 500: “Yes Kim.”

Kim 700: “Now, reach behind you and pull your skirt down a little in the back.”

Kim 500: “Yes Kim.”

Kim 700: “Open your recharge port and remove the cover.”

Kim 500: “Yes Kim. Recharge port open. Cover removed.”

Kim 700: “Tell Alicia that you can be plugged into any standard electrical wall socket to recharge, and that you are electronic and mechanical.”

Kim 500: “I can be plugged into any standard electrical wall socket to recharge. I am electronic and mechanical.”

Kim 700: “Mmm.. she’s getting hot. Turn around and look at her, Kim.”

Kim 500: “Yes Kim. Turning around.”

Kim 700: “Scan Alicia with your infra-red sensors.”

Kim 500: “Yes Kim. Scanning... scanning... scanning... scanning... scanning... scan complete.”

Kim 700: “Can you detect that her temperature is rising, and that the heat patterns indicate sexual arousal?”

Kim 500: “Yes Kim. Alicia is sexually aroused.”

Kim 700: (moans) “Tell her that you are the ultimate robot secretary.”

Kim 500: “I am the ultimate robot secretary.”

Kim 700: “Tell her that you can be programmed to do almost anything that a real woman can do.”

Kim 500: “I can be programmed to do almost anything that a real woman can do.”

Kim 700: “Tell her you can give her a full body massage after she’s had a hard day of work.”

Kim 500: “I can give you a full body massage after you have had a hard day of work.”

Kim 700: “She’s getting hotter, she’s taking off her own blazer.”

(pause)

Kim 700: “Tell Alicia that you are the ultimate in android technology, and ask her if she would like to see more of your

electronic circuitry.”

Kim 500: “I am the ultimate in android technology. Would you like to see more of my electronic circuitry?”

Kim 700: (laughs lightly) “I knew she’d say yes. Take off your skirt, Kim.”

Kim 500: “Yes Kim. Removing black pleated polyester miniskirt.”

Kim 700: “It’s funny... she’s still asking what you’re doing. Tell her that you’re going to open all of your access panels for her, and that you’re programmed to show off all your features.”

Kim 500: “I am going to open all of my access panels for you. I am programmed to show off all of my features.”

Kim 700: “Alright now pretty fembot, open all of those access panels, and remove the covers. Put them on the desk with your recharge port cover.”

Kim 500: “Yes Kim. Removing chest panel cover.”

(pause)

Kim 500: “Removing abdominal panel cover.”

(pause)

Kim 500: “Removing crotch panel cover.”

Kim 700: “Oh, she liked that, didn’t she.”

Kim 500: “Yes Kim. Alicia appears to be sexually aroused.”

Kim 700: “Tell her that you are programmed to kiss.”

Kim 500: “I am programmed to kiss.”

Kim 700: “Now kiss her.”

Kim 500: “Yes Kim.”

Kim 700: (giggles) “She’s backing away from you, but keep walking toward her. Push her back against her desk and give her a nice, long kiss.”

Kim 500: “Yes Kim.”

(pause)

Kim 500: “Kissing Alicia.”

Kim 700: “Oh, finally she gives in! Tell her that you are the ultimate kissing machine.”

Kim 500: “I am the ultimate kissing machine.”

Kim 700: “Tell her that you are also programmed for sex.”

Kim 500: “I am also programmed for sex.”

Kim 700: (laughs lightly) “Tell her that if she buys you, she can use you for sex whenever she wants.”

Kim 500: “If you purchase me, you can use me for sex whenever you want.”

Kim 700: “Mmm... you’ve got her now! Ask Alicia if she’s ever tasted robot pussy before.”

Kim 500: “Alicia, have you ever tasted robot pussy before?”

Kim 700: “Good, she’s finally masturbating! And she wants to taste your robot pussy! Tell her that your synthetic vaginal unit was designed to be highly realistic.”

Kim 500: “My synthetic vaginal unit was designed to be highly realistic.”

Kim 700: (moans) “Pull your panties to the side, sit on her desk and spread your legs, Kim.”

Kim 500: “Yes Kim. Adjusting black satin panties.”

Kim 700: “Tell her again that you are the ultimate robot secretary, and that you know how much she likes female robots.”

Kim 500: “I am the ultimate robot secretary. I know how much you like female robots.”

Kim 700: (moans) “Remove your facemask and lay it down on the desk beside you.”

Kim 500: “Yes Kim. Removing facemask.”

Kim 700: (moans) “Tell Alicia that you look extremely beautiful with your facemask off, and ask if she agrees.”

Kim 500: “I look extremely beautiful with my facemask off.”

Do you agree?”

Kim 700: (moans excitedly) “Oh, I knew she would.”

(pause)

Kim 700: “My pussy is getting soaking wet just watching you two androids. Alicia looks like she’s enjoying the way you taste.”

(pause)

Kim 700: (moans) “Ask Alicia if she likes the way your plastic pussy tastes.”

Kim 500: “Alicia, do you like the way my plastic pussy tastes?”

Kim 700: “I knew she’d love it. She’s still stroking herself too... what a sexy scene!”

(pause)

Kim 700: “Tell her that you currently have realistic vaginal flavour installed, and that you can also have her choice of sweet fruit flavourings installed too.”

Kim 500: “I currently have realistic vaginal flavour installed. I can also have your choice of sweet fruit flavourings installed.”

Kim 700: “Oh, she’s going into orgasm mode!”

Kim 500: “Yes Kim.”

Kim 700: “While she’s having her first orgasm, tell her again that you are the ultimate robot secretary, and that you are programmed to obey her commands.”

Kim 500: “I am the ultimate robot secretary. I am programmed to obey your commands.”

Kim 700: (moans) “She’s standing up... put your facemask back on and stand in front of her.”

Kim 500: “Yes Kim. facemask reattached.”

Kim 700: “Tell Alicia that you are programmed to seduce her, and that she can not resist you.”

Kim 500: “I am programmed to seduce you. You can not resist me.”

Kim 700: “Tell her that you are the robot woman of her dreams.”

Kim 500: “Alicia, I am the robot woman of your dreams.”

Kim 700: “She’s trying to walk around you. Hold her and kiss her. Kiss her long and deep.”

Kim 500: “Yes Kim. Kissing Alicia.”

(pause)

Kim 700: “Oh, dear... is that smoke?”

Kim 500: “Yes Kim.”

Kim 700: “Oh shit, she’s overheated! Quick, rip her blouse apart, open her chest panel and deactivate her!”

Kim 500: “Yes Kim. Attempting to deactivate Alicia.”

Kim 700: “Damn. And just when it was getting so interesting!”

Kim 500: “Alicia robot deactivated.”

Kim 700: “Well...”

(pause)

Kim 700: “Since you’re dressed up so sexy, you might as well come up to the master bedroom and finish me off.”

Kim 500: “Yes Kim.”

Kim 700: “I’ll close out here and summon the technicians to take Alicia back to the lab.”

Kim 500: “Audio connection terminated.”

Kim 700: “Well then... attention Robot Lab... attention Robot Lab... please send robot technicians to office room B to retrieve and repair Alicia 700 robot.”
